

April 6, 2009

To Whom It May Concern:

Yellowstone County is currently requesting price quotations from interested parties for supplying various road materials to the Yellowstone County Public Works Department. The material will be used during the 2009 – 2010 construction season. Specifications for the materials as well as a price sheet have been enclosed. Prices are to be held firm from July 1, 2009 to June 30, 2010. If you are interested in submitting a quotation please mail the enclosed price sheet to: Yellowstone County Purchasing Department, Attention: Steve Krogstad, P.O. Box 35015, Billings, MT 59107. If it more convenient you may drop your quote off at our office located in Room 404 of the County Courthouse at 217 North 27<sup>th</sup> Street. **The deadline for receiving quotes will be 5:00 PM, April 30, 2009.** If you have any questions on the bid documents I can be reached at 406-256-2717.

All laws pertaining to Resident Bidders, both State and County will be adhered to if necessary.

The County retains the right to purchase the road material that offers the lowest overall cost taking into account the cost of the material, the plant location and the location of the project. If you have more than one site that has the material please list their locations with your reply.

Sincerely,

Steve Krogstad  
Purchasing

## **ROAD MATERIAL SPECIFICATIONS**

All materials must meet the requirements of the "Standard Specifications for Road and Bridge Construction", latest edition, adopted by the Montana Department of Highways and Montana Highway Commission.

The approximate quantities of material to be purchased during the 2009 – 2010 construction season are as follows.

1. 20,000 tons of base coarse material, 1 ½ inch, type A, grade 6.
2. 20,000 tons of top surface coarse material, ¾ inch, type A, grade 2.
3. 3,000 tons of chip gravel, grade 4A.
4. 2,000 tons of natural fines, grade 5.
5. 20,000 tons of 3" minus pit run gravel.

The cost of this material will need to be expressed two ways, with the County loading it and with the vendor loading it. All loads will be made during normal business hours. The amounts listed above are only estimates. The actual tonnage may vary.

When comparing price quotations of various firms, the location of the material in relation to the job site will be taken into account on any given project.

Please use the enclosed sheet when providing your pricing information.

Any questions pertaining to the specifications of the material should be addressed to Tim Miller at (406) 256-6824 or (406) 208-9077.
